### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 6/10/2004 has been entered.

### ***Allowable Subject Matter***

2. Claims 1-43 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The present invention provides a new apparatus and method for subband forming, wavelet conversion, subband synthesizing, data coding and decoding, in which a parallel processing is employed to efficiently increase the speed of data compression operation (specification, line 20 of page 3 - line 1 of page 4). In particular, the new apparatus and method comprise the following features, which the prior art, either taken singly or in combination, does not teach:

- wherein each of said plurality of memory locations also stores at least one

signal in addition to the stored regional signal, said at least one signal including a copy of at least one of a leading portion and trailing portion of another regional signal stored in another memory location corresponding to a divided portion of the input signal originally bordering the divided portion of the input signal corresponding to the particular regional signal (see independent claims 1, 15, 18, 22, 26, and 30);

- a regional divider configured to perform a regional division in which said wavelet conversion coefficients are divided into a plurality of coefficient groups in accordance with conditions such that coefficients existing in a spatial location are sorted into a corresponding group (see independent claim 34, 36, 38, 40, 42, and 43).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
